SCHOOL CLOSED.

What was Said and Done on the Last Day.

Yesterday being the closing day of the city school, the scholars of the different departments spent the day in recitations, songs, and social intercourse. Under the management of Professor Metcalf, and his able corps of assistants, the Tombstone public school has become one of its most creditable institutions and one of which every inhabitant should feel proud. The following is the programme as carried out yesterday:
Song—by the school entitled, "Mill May."
Recitation—"Speech of Brutus," by Clarence Coffman.
Recitation—"Freckled faced girl" by Miss May McHenry.
Reading—"A rill from the town pump" by Misses Addie Slaughter and Lillie McAllister.
Song—"Far Away" by the school.
Recitation—"The ride of Jennie McNeil" by Miss Tillie Callahan.
Recitation—"The five Knaves" by Miss Eva McNeil.
Song—"Bird Song" by the school.
Recitation—"Artie's Amen" by Ralph Brown.
Recitation—"By Miss Rosa Proops."
Recitation—"Just So" by Frank McAllister.
Song—"By the school."
Recitation—"Little Bennie," by Miss Rosa Hattich.
Recitation—"The Newsboy's Debt," by Miss Katie Hattich.
Recitation—"By Erba Woods."
Recitation—"Faking up the Carpet" by Jesse Lowry.
The exercises were closed with some beautiful songs by the school. Everything passed off pleasantly and in a manner highly creditable to each participant. While the EPITAPH has not the space to eulogize each of the students whose name appears on the programme, it cannot forbear making mention of Frank and Lillie McAllister and Rosa Proops whose reading and recitations were perfectly splendid, showing that they had not neglected any of the opportunities afforded them in the school room. After the conclusion of the days exercises, the children departed to their homes in a reluctant manner, to think of the many happy hours spent in fitting themselves for the responsibilities of positions of usefulness to which they will in the future be called to act their part.

Not Settled.

The Supreme Court of Kansas has decided that when a woman marries she need not take her husband's name unless she chooses. Probably the Supreme Court of Kansas thinks it's done it now. This may be a great decision, but it isn't of enough practical value to pay for recording. The old question when a woman marries of "Who's boss?" still remains unsettled.
The action of the Supervisors in preparing to fund the county indebtedness meets the hearty approval of the taxpayers of the county. This will not only place the business of the county in a more tangible shape, but will reduce the present rate of interest. The step is well taken and we feel that no difficulty will be experienced in selling the bonds to a good advantage.

When the earthquake shock reached Solomonville, Judge Barnes was holding court. He hurriedly adjourned and the bailiff, in charge of a jury, fled from his post of duty leaving them locked up. It was only the work of a moment for that august body to find a speedy exit through a small window, and all hands, met on the street. It is not known whether or not the jurymen were fined for contempt of court.

Some six or seven men from Downings canyon, will make their affidavit that Jim Barrock, was at the Downing saw mill, during the day and night of the train robbery. In fact some of them have already filed their depositions to this effect, and it looks as though a terrible effort will be made to prove an alibi in his case.

New Mexico strikers are making desperate efforts to prevent our cattlemen from getting a trail across their border into Montana, but their opposition is in futile the trail will be made.

The Grand Central company will put a force of men on the Grand Dipper mine, within the next few days. This company has lately been putting extra men on several other properties, all of which augurs good for the camp.

Supervisor T. J. White, went down to Benson yesterday to be gone several days looking after his cattle interest on the San Pedro.

The Interstate Commerce bill is just about as popular with theatrical and circus people as civil service reform is with the average Democrat.

Muscle is coming down. The John L. Sullivan combination now spars for 50 cents admission. It is on the broad road to the museums.

Cattlemen are busily engaged in branding calves, in consequence of which but few of the boys have been in town for several days.

The "J. H. White" brand of butter, the leading California dairy production is constantly kept on hand and for sale at Wolcott's.

It is amusing to hear the many flimsy excuses given by a majority of men when examined as to their qualifications as jurors.

Mr. Lou Williams one of the Copper Queen magnates of Bisbee came over from that village yesterday and was circulating among his friends.

Mr. William Gault, route agent for the Wells Fargo express Company arrived in the city yesterday, remaining only a few hours. He left on the evening coach.

Health officer Chapman says that the sanitary condition of the city is good and that he also intends keeping it so.

The den of an organized band of horse and cattle thieves, numbering 25 or 30 men, has been found in Idaho about 200 miles east of Baker City Oregon.

French Frank, who was arrested Thursday night for fighting, was tried before recorder Crowley, and fined fifteen dollars. He paid his fine and was discharged.

Marshal W. K. Meade, is still engaged working up the train robber case and it is almost certain that he will not let up until they are all run in.

Mrs. H. B. Adington, of Fairbank, is in the city, and will remain until Mr Adington can repair their house which was wrecked by the earthquake.

Joseph Paschocy's knowledge of the French language was called into requisition yesterday, before Justice Shearer, and he acquitted himself right honorably as an interpreter.

Read the advertisement of Johnny Dean in this issue. And when you want liquid refreshments, go to the Fashion, and call for one of Johnny's gum drop cocktails.

Several cars on the west-bound A. & P. train were derailed near Coolidge, west of Albuquerque, Monday. No one was injured, but there was a delay of fifteen hours.

Governor Bartlett has offered a reward of \$250 for the arrest and conviction of the murderer of J. F. Klumpf, who was assassinated at Sacramento during last month.

The Maison Doree, has an attractive advertisement in this morning's EPITAPH. This resort is one of Tombstone's oldest institutions, and has won a justly deserving reputation as being the best restaurants in the territory.

County Records.

The following documents were filed in the County Recorder's office yesterday:

DEEDS OF REAL ESTATE.—August Soberey to Ernest Storms, certain real estate in this city consideration \$900.

DEEDS OF MINES.—S. B. Strong to J. V. Vickers, three fourths interest in Sioux mining claim situated in Tombstone district—\$5.

Next Sunday morning the EPITAPH will resume the issuance of its weekly edition and will continue thereafter to issue each week a similar edition made up from the DAILY EPITAPH. Sunday's paper will contain a full and complete account of the earthquake, and parties desiring extra copies will confer a favor by leaving their orders at the office. It will be a seven-column paper and will be made the best general newspaper in the Territory, suited alike to the business man, the rancher and the family circle. Persons desiring a first-class weekly county paper cannot fail to realize the superior advantages of the WEEKLY EPITAPH over any other published in Southern Arizona, and we hope to meet with a liberal patronage at the hands of the reading public, assuring them that they will get value received for their money.

The encampment of the G. A. posts of Northern California, at Chico, was addressed last Friday by Gen. Saloman and Adjutant-General Lovell. A parade of the members present took place in the afternoon.

What the country really needs at the present time is not an increased number of voters, but an increase of intelligence and honest, discriminating regard for the general welfare among those who do vote.

The Democratic roosters that are crowing over Rhode Island's permanent conversion to Democracy apparently forget that, as a general thing, there are more eggs in the setting than there are chickens in the brood.

Some exchange says the fact has been developed that a flea is hatched from an egg. This may be true, but we are inclined to doubt it, from the fact that, from our knowledge of that insect, it seems it would be a difficult matter for a flea to stay still long enough to lay an egg.

The nights now are of that lovely character when the lovesick swains and lasses linger at the front gate and pledge themselves to be true through thick and thin or at least until the old man appears on the scene and adjourns the meeting sine die, using his No. 10 boot as a gavel.

The fight over the license law has been commenced in Prescott, by the arrest of one of the prominent saloon men of that city, on a charge of violating the law. Both the Territory and the liquor dealers have able counsel, and the contest will no doubt be an interesting and hotly contested one.

Chinamen continue to land in San Francisco, in open violation of the restriction act.

The New Reliable.

The Dexter stables has maintained its supremacy over all other competitors in this city for years, has once more been thrown open to the public under the management of Bramer Brown the oldest liveryman in Tombstone. Mr. Brown's horses are not old worn out plugs, that have hammered the roads of Arizona for the past quarter of a century, but young spirited thoroughbred horses, fresh from the pastures of Illinois and Kentucky. His carriages are direct from the manufacturing and are new and stylish. The harness and saddles are of the latest patterns and made expressly for Arizona use, all in all Mr. Brown has the most complete and perfect livery outfit ever brought to this Territory, and a visit to his stables will convince our people of this fact. Particular attention given to Sonora travel. Mules and strong durable horses provided for this business.

Whiskey brings more misery upon the human family than war, famine and pestilence combined. There is but one rational course to pursue for the inebriate and that is a treatment that destroys the appetite for rum. Such is the Acme. Read their advertisement in another column.
